Logging into NTCC issued laptop.

You need to be on campus for the first time you log into an NTCC issued laptop.

Either connect to a docking station or the NTCC Owned-devices WiFi.

The easiest time to do this is right after you sign the paper work to receive your laptop.

To log in:

Use your NTCC username and email password.

If you need to reset your password, you can do so from the login screen by clicking on the Reset Password/Unlock link and follow the prompts.
